Davis to Unveil 2004 Federal Computer Security Report Cards

- Who:** Government Reform Committee Chairman Tom Davis (R-VA)
Federal agency Chief Information Officers (CIO)
Federal agency Chief Information Security Officers (CISO)
- What:** Chairman Davis will unveil the 2004 Federal Computer Security Report Card grades, mention exceptional and poor performers, and discuss remaining challenges in the Federal Information Security Management Act (FISMA) process.
- Concurrently, the Telos Corporation will announce the results of the first Federal Computer Security Report Card CISO Study. The Study offers CISO perspectives on the effectiveness of the Federal Computer Security Report Card.
- Finally, Davis will announce a new industry-led initiative to allow for enhanced collaboration and cross-pollination between the public and private sectors on information security issues.
- When:** WEDNESDAY, FEBRUARY 16, 2005, 1:30 P.M. EST
- Where:** ROOM 2154, RAYBURN HOUSE OFFICE BUILDING

Live webcast of the event will be available from <http://reform.house.gov>, as well as at the RSA Conference in San Francisco, CA. Reporters may listen to an audio broadcast by calling into 1-888-455-9652; the passcode is 3112845.

Interested media who cannot attend in person can submit questions about the grades up to and during the press conference to Drew.Crockett@mail.house.gov.
